

Sphaera Classica 1.8-827-180LM

Product information "Sphaera Classica 1.8-827-180LM"

LED

Litegear® LED bulbs are able to replace conventional electrical bulbs. They are very energy friendly and can save up to 90% of energy costs. By the low power consumption and the high life expectancy it concerns a "Green Energy technology" product. Big heatsinks guarantee a low temperature on the LED Chip and have an excellent airstream for convectional cooling.

Technical Details:

Luminous Flux	180 lm
Light Yield:	100 lm/W
Light Temperature:	2700 K
Color Rendering Index (CRI)	≥80 Ra
Power Consumption:	2 W
Power Factor (PF):	0.2
Operating Hours:	>25.000 h L70/B50
Switching Cycles:	>50.000
Ignition Time:	<1 s
Ambient Temperature (TA):	-20°C - 40°C
Housing Material:	glass
Housing Color	transparent
Dimensions	35x95 mm
Net Weight:	16 g
Warranty	2 years
