

# Allestra Adapter 60mm Variante A

## Product information "Allestra Adapter 60mm Variante A"

### LED Street Light

Litegear® Allestra is a versatile LED streetlight. It can be used on roads or parking areas. It is highly efficient and has a low glare factor. Due to its long lifespan maintenance cost will decrease dramatically. Due to its low power consumption and long lifespan users will have a quick return on investment. Nice sleek, modular design guarantees an excellently performing product. Allestra LED has an outstanding price to performance ratio! It is water and dust proof with protection class IP67. With its wide beam angle you can cover wide areas on streets, parking areas or along factory buildings. The ideal installation height is 4 - 10 meters. It can be mounted on all poles with 60mm tube dimensions. For straight up poles we can offer a suitable angle adjustable pole adaptor.
