Product information "Luvara Value Square 6262 Frame"

LED Panel

The Litegear® Luvara Value LED panels are made to be installed in to ceilings are to be hung on walls. They have a low power consumption and a long lifespan. With optional hanging kits (a set contains 4 steel wires) the panel can be palced over desks or work areas. The LED light has no IR wavelength hence, so that you will feel no heat immision on your skin.

The Litegear® LED Panels are available in different dimensions and color temperatures. Panels can easily replace cases with flourescent tubes. They look really stylish and have a smooth light output.
