

Element HR QUADRO RGBW RF 66

Product information "Element HR QUADRO RGBW RF 66"

CONTROLS / ELEMENT SERIES

To comfortable control of LED Strips and Low-Voltage lights, we offer various Systems. You can choose between Wifi or DMX connection and benefit from the respective advantages

HR QUADRO RGBW RF 66

The Litegear Element Wireless Remote Control is a 4 channel remote control. You can select 6 zones and save 6 scenes. The color could be changed by touching the sensitive Color wheel. With this remote control, the colors red, green and blue can be switched on and off individually via the RGB buttons. Turn the white color on or off by press the "W" key. The brightness is adjusted over the small and large "Sun". With the "S" key scenes are stored and recalled in combination with one of the keys 1-6. The range is about 20m in free space. For remote control you need a suitable converter
