

Element WS MONO DIM RF 01

Product information "Element WS MONO DIM RF 01"

CONTROLS / ELEMENT SERIES

For convenient control of LED strips and low-voltage lights, we offer various systems. You can choose between wireless, Wifi or DMX connection and benefit from the respective advantages.

WS MONO DIM RF 01

The Litegear Element Wall Dimmer is a 1-channel radio rotary dimmer. Pressing the rotary wheel switches the suitable controller on or off. The brightness is adjusted by turning. Flicker-free-dimming of 1-100%. The range is about 20m in free space. For remote control you need a suitable converter

Properties:

- Brightness adjustable via rotary knob
- allows integration into the existing "switch series"
