

Element WR MONO DIM RF 04

Product information "Element WR MONO DIM RF 04"

CONTROLS / ELEMENT SERIES

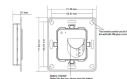

To comfortable control of LED strips and Low-voltage lights, we offer various System. You can choose between wireless, Wifi or DMX connecting and benefit from the respective advantages.

WR MONO DIM RF 04

The Litegear element wall remote control is a 4-channel button / dimmer. With the LG5435 up to 4 different circuits can be realized. A short press on I / O activates or deactivates the suitable controller. By pressing and holding the keys, the controller dims up or down. Flicker-free dimming of 1-100% . The range is about 20m in free space. For remote control you need a suitable controller. Compatible with frames from switch ranges from Berker, Merten, Gira or Jung .
