Element WS MONO DIM DMX 1

Product information "Element WS MONO DIM DMX 1"

CONTROLS / ELEMENT SERIES

For comfortable control of LED strips and low-voltage lights, we offer various systems. You can choose between wireless, Wifi- or DMX connection and benefit from the respective advantages.
WS MONO DIM DMX 1

The Litegear Element Wall Dimmer is a DMX rotary dimmer. Pressing the rotary wheel switches the suitable controller on or off. The brightness is adjusted by turning. Flicker-free dimming of 1-100%. For remote control you need a suitable controller and a cable connection (DMX bus). To power the wall dimmer, an external power supply is required.
Properties:

- Control signal to the LED controller via 3-4-core cable (DMX bus) necessary
