Exita Blade 1,5-857-270lm SC WH Erkennungsweite 30m

Product information "Exita Blade 1,5-857-270lm SC WH Erkennungsweite 30m"

LED emergency exit light with automatic self test

Litegear Exita Blade: single-battery emergency light for escape route marking. Surface ceiling mount. Can be partially integrated in a plaster ceiling with optional frame.
The luminaire can be used on one or two sides. Optionally, a mounting arm for side installation is available (see accessories).
Flat, elegant acrylic LED pictogram surface.Over 60% power saving compared to conventional 8W versions with fluorescent tubes.
The exit sign sheets are interchangeable and are fastened by push-button fasteners. Manual test function and green status LED display.
Continuous operation via 230V mains voltage or battery emergency operation of up to 3 hours. Fast installation and easy battery change.
Almost no maintenance cost due to LED technology!
Pictograms for escape Arrow: "up" included.

Optionally, we offer additional escape route pictograms in a set.

- Material: polycarbonate and PMMA
- Accupack included
- average battery life: >5 years max.
- viewing distance: 30 meters
- Overload and discharge protection
- Battery: 3,6V 2500mA, Li-Ion
- Low standby power: only 0,5W

Technical Details:

Luminous Flux	270 lm
Light Yield:	180 lm/W
Light Temperature:	5700 K
Color Rendering Index (CRI)	≥80 Ra
Color Consistency (SDCM):	6
Power Consumption:	2 W
Power Factor (PF):	0.5
Operating Hours:	>50.000 h L70/B50
Switching Cycles:	>50.000
Ignition Time:	<0,5 s
Housing Material:	Polycarbonat/PMMA
Housing Color	white
Pivot Range tilt:	90 °
Dimensions	341x46x247 mm
Net Weight:	1000 g
Warranty	5 years
