

Lunara ECO MKII Motion Sensor

Product information "Lunara ECO MKII Motion Sensor"

Motion sensor for LED Flood Light

Suitable plug-in motion sensor for Lunara ECO MKII Series. Only for 30/50W version available. Plug and Play solution. Can be installed anytime. Wide detection range of vehicles and persons.

Specification::

- Ambient Light: 3-2000LUX (Adjustable)
- Time-Delay: min.:10sec&plusm;3sec / Max.:15min&plusm;2min
- Rated Load: 1200W (incandescent lamp) 300W (energy-saving lamp)
- Detection Range: 180°
- Detection Distance: 2-12m (radius) adjustable
- HF-System: 5,8Ghz CW-radar ISM Band
- Transmission Power: < 10mW
- Installing Height: 1.5m~3.5m
- Power Consumption: 0.9W
- Detection Motion Speed: 0.6~1.5m/s

Technical Details:

Power Consumption:	1 W
Ambient Temperature (TA):	-20°C - 40°C
Housing Material:	plastic
Housing Color	black
Pivot Range pan:	90 °
Pivot Range tilt:	90 °
Net Weight:	57 g
Warranty	2 years
