Product information "Szena 45/36-840-2940LM"

LED Tracklight

Litegear® Szena LED Tracklights are able to replace conventional halogen or discharge lights. They are very energy friendliy and can save up 60-80% of energy costs. By the low power consumption and the high life it concerns a "Green Energy technology" product. Big heatsinks and a low noise fan guarantee a low temperature on the LED Chip and have an excellent airstream for efficiant cooling. Litegear® LED tracklights are available with different power and different color temperatures.

Due to it's extended lifespan you will save on maintenance cost as well. Compared to a 150W HQI discharge lamp you can save over 65% of energy and reduce maintenance costs almost to zero! The Szena serie of Litegear® has a very true color rendering.
