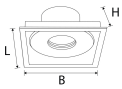
Plaja Frame Single Beam Square



Product information "Plaja Frame Single Beam Square"

Plaja

With the Plaja downlight series Litegear® has created a flexible, modular and usefull LED based downlight for lighting designers. Different LED modules can be mixed and combined with a wide variety of downlight frames.
The LED modules are available in different light colours and optics. The frames are available in white and black housing color. Within seconds the modul can be attached on the suitable frame.
This wide variety makes Plaja usefull for different applications like: restaurant, hotel, shop or residential lighting. A strong, unique tool for creative lighting designers.

suitable light sources: Plaja LED module or GU10 PAR16
