Product Information

Order number: LG11131

Lunara Clou 120-200/830-850-30000lm BEG 150lm/W max.

Technical Details:

Luminous Flux	30000 lm
Light Yield:	150 lm/W
Light Temperature:	3000, 4000, 5000 K
Color Rendering Index (CRI)	≥80 Ra
Color Consistency (SDCM):	4
Power Consumption:	120, 150, 200 W
Power Factor (PF):	0.95
Operating Hours:	>100.000 h L80/B10
Switching Cycles:	>200.000
Ignition Time:	<0,5 s
Ambient Temperature (TA):	-40°C - 50°C
Housing Material:	aluminum
Housing Color	dunkel silvergrey
Coating:	powder-coated
Pivot Range tilt:	180 °
Dimensions	353x384x59 mm
Net Weight:	3700 g
Warranty	5 years

Product information "Lunara Clou 120-200/830-850-30000lm BEG 150lm/W max."

Smart LED Flood Light
Litegear® Lunara Clou is a compact LED outdoor floodlight with a excellent performance to price ratio. High Efficency 140-150 Lumen/Watt. Due to the use of alluminum dicast housing, Lunara has a excellent thermal management and weater resistance. Lunara Clou is the perfect solution for use in factories, gardens, parking area, architectural applications or mobile for construction work. You can use it permanently outside in rough environment conditions. We use very efficient SMD3030 LED chips with a high light output. SMD chips have a optimized heat dissipation to guarantee a long lifespan. Lunara floodlights are perfect to exchange traditional halogen R7s floodlights and metall halide lamps. They can save up to 90% electricity costs. A quick Return on Investment is guaranteed.

- A unique and helpful feature is the power select function and the switchabel light colour CCT select. A great "OneFitAll®" Product

- internal 5 wire terminal for loop in/out
