

# DURATA INLINE 34-840-3000LM FL 3000lm

## Product information "DURATA INLINE 34-840-3000LM FL 3000lm"

Recessed linear Office LED light line system

Durata Line is a modular LED light line system for offices, schools and retail spaces. Several modules can be linked. The lights can be integrated into the ceiling cutouts by spring clips. Durata Inline is available in different lengths, power versions and different beam angles, light colors and optimized glare control, for example for computer workstations.

Available housing colors: black or white

Technical specifications:

- modular recessed linear light system for Office, shop or schools
- High energy savings through high system efficiency of up to 105 lumens / watt
- optionally also available with dimmable drivers
- eye-friendly optics with optimized glare control UGR < 19 and flicker-free light

selectable beam angle:

100 ° UGR: 22, 70 ° UGR < 19 ;, 66 ° UGR < 13, 43 ° UGR < 6, asymmetric 60 °

### Technical Details:

Luminous Flux	3400 lm
Light Yield:	100 lm/W
Light Temperature:	4000 K
Color Rendering Index (CRI)	≥80 Ra
Color Consistency (SDCM):	2
Power Consumption:	34 W
Power Factor (PF):	0.95
Operating Hours:	>50.000 h L90/B10
Switching Cycles:	>100.000
Ignition Time:	<0,5 s
Ambient Temperature (TA):	-10°C - 40°C
Housing Material:	aluminum
Housing Color	white
Coating:	powder-coated
Dimensions	1260x64x47 mm
Net Weight:	1971 g
Warranty	5 years
