

Luna Flood 30-855-2700LM

Product information "Luna Flood 30-855-2700LM"

LED Flood Light

The Litegear® Luna Flood comes in a compact, high-quality aluminium diecast housing. The Litegear® floodlight is ideally applicable for to be used in work halls as well as to parking bays and architecture lighting. Thanks to the high-quality processing the floodlight can be permanently used in outdoors areas. The built-in preswitch devices are optimised for power factor.

Technical Details:

Luminous Flux	2700 lm
Light Yield:	90 lm/W
Light Temperature:	5500 K
Color Rendering Index (CRI)	≥80 Ra
Power Consumption:	30 W
Power Factor (PF):	0.97
Operating Hours:	>35.000 h L70/B50
Switching Cycles:	>10.000
Ignition Time:	<1 s
Ambient Temperature (TA):	-20°C - 40°C
Housing Material:	aluminum
Housing Color	grey
Coating:	lacquered
Dimensions	230x203x130 mm
Net Weight:	2676 g
Warranty	3 years
