

CIELLA Round COB 260 30-830-2150LM

Product information "CIELLA Round COB 260 30-830-2150LM"

LED Downlight

The installation lights of the Litegear® Ciella series can be easily integrated obviously into ceilings. They distinguish themselves by a high light efficiency and a long lifetime. We offer the Ciella series in different achievement classes and beam angels. Therefore the different ranges of application, as for example flat illumination can be realised for foyers, halls shops or offices. The Ciella LED series in which the light is bundled up by a reflector is suited ideally for product presentations in shops and boutiques, hotels or bars. Due to it's very low glare it is perfect for computer screens. Litegear® Ciella has a very strong but light housing made of aluminum. A reflector will guide the light. Ciella has a very high light efficiency.

Technical Details:

Luminous Flux	2150 lm
Light Yield:	67 lm/W
Light Temperature:	3000 K
Color Rendering Index (CRI)	≥80 Ra
Color Consistency (SDCM):	6
Power Consumption:	32 W
Power Factor (PF):	0.9
Operating Hours:	>30.000 h L70/B20
Switching Cycles:	>25.000
Ignition Time:	<1 s
Ambient Temperature (TA):	-20°C - 40°C
Housing Material:	aluminum
Housing Color	white
Coating:	lacquered
Dimensions	265x91 mm
Cut-Out Dimensions	245 mm
Net Weight:	1069 g
Warranty	2 years
